This is a detailed topographic map of a coastal region. The map features contour lines indicating elevation, a grid of land parcels, and various urban and natural features. Two specific areas are highlighted in red. A label box on the left points to the western red area, and a label box on the right points to the eastern red area. The map also shows a coastline with a bay or inlet in the lower right.

A detailed topographic map of a rural area, likely in Japan, showing a network of roads, fields, and small settlements. A large, irregularly shaped area in the center is highlighted in red, indicating a specific industrial or development zone. A red arrow points from this red area towards the bottom right, where another smaller red area is visible. The map includes contour lines indicating elevation and various symbols for buildings and infrastructure.
